information

Backpacking Trip

Reminder for those interested in going on the family backpacking trip with Mr. Don Schafer, the informational meetings are Monday and Tuesday at 7 pm. You will need to attend 1 of those to be able to go on the trip. Please contact Mr. Don Schafer if you have specific questions about the trip.

Mug Book Pictures

Pictures for the Mugbook will be taken on Tuesday as well. We cannot take group pictures this year, but you can bring a prop for the photo if you would like.

COVID Updates

We have almost completed our first week. It has been a bit warmer for sure. We realize that wearing masks is not a favorite thing for most people, but I am pleased with the cooperation so far from most of the students. We want our school to stay open, so we are trying to follow our local health department's guidance. Staying 6ft away has been our biggest challenge, but I am confident we will get that mastered soon. We want to maintain that we can still keep that distance needed when we have classes in the building.

Picture Day

Tuesday is picture day. Just a reminder you will need to have a picture in your uniform. You will have a chance to take a picture with no mask. Mrs. Garrett will be sending out order forms for you to order the pictures you like. Wednesday afternoon, the images will be available to view if you want to view them before ordering. You will have two weeks to order the pictures you like. Everyone will get their picture taken for the yearbook, even if you are not ordering pictures.

University Church Youth Sabbath School

Everyone is invited to Sabbath School at the CTC bowl from 10:30-11:30 this Sabbath. Bring a blanket /chair and a mask!!
