

Art Class 2021-2022

Teacher: Mrs. Chloe Congleton | Contact: CongCh@wwva.org

Classroom Rule:

- RESPECT – your teacher, your classroom, your classmates and yourself. That means not putting things/people down, being negative, being rude, or belittling.
- HONESTY – tell the truth

This class is designed to help you improve your art skills and learn more about art techniques and how to push your creativity. In this class you will have:

- Weekly sketches
- Daily assignments
- Participation

Class Breakdown:

Attendance/Participation/Behavior - 30%

Daily Assignments - 40%

Large Projects - 30%

Attendance, & Participation/Behavior:

ATTENDANCE: This class is set up so you are able to get most of your work done in class. Most days we will have a lesson to go over and if you are missing class it will be really hard to catch up.

PARTICIPATION/BEHAVIOR: Being in class and doing what you are supposed to do in class are two different things. If any student acts out of line by breaking the classroom rules they will lose participation points for that day. Each student has 3 points per day (12pts per week), once the points have been lost there is no way to earn them back. If you have an unexcused absence you will lose your participation points for the day.

I have a zero tolerance for students being disrespectful in my classroom. Not only will a student lose all their points for the day but they will be asked to leave class and go to the principal's office and will be marked absent for that day.

ONLINE: Participation will be marked differently if we have to be online. If we are forced to go back online you will be required to be on a zoom call with your video on to get your participation points (when we have a video) if you are unable to get on because of the internet, computer problems, or any other reason I will need a written note from your parent excusing you from that class call before I excuse your points. You will still not be given your attendance/participation points but you will not have it count against you.

Daily Assignments:

Throughout the course of the year, you will work on a number of projects in different mediums.

Weekly Sketches

- These are due once a week
- Use: Pen, Pencil, Markers, colored pencils, etc. (not any paints or messy mediums)

Students who have turned in Weekly sketches on time for the first quarter as well as keeping up their grades are able to have the option to work on a larger project instead of doing weekly sketches but they will need to get it approved by the teacher before doing this.

In Class Assignments

- These assignments will be taught every day. If the project takes two days to complete I will usually give an additional day so people can finish their assignments in class. The in class assignments are meant to be just that. I do not want these assignments taken home.

ONLINE: If we are forced to go online I will have you guys journaling and sketching different things weekly along with your weekly sketches from your sketchbook. If we are online our class course will be completely different from what I have planned to do if we are in person. We will go over this when or if we get to this point.

Projects & Finals:

After every section we go over there will be a large project due. The projects will be larger drawings and other times it could be an actual writing assignment. These projects will be counted as a final as well. All finals will be discussed in class at least two weeks minimum before it is due.

Grades:

- 90 – 100% - A
- 80 – 89% - B
- 70 – 79% - C
- 60 – 69% - D
- Below 60% - F

Late Work:

All late work will receive 20% off. If the project is turned in after a month it will be a zero. With some projects there will be a grace period, this is only meant for students that wish to spend more time on their projects (this happens BEFORE it's late), not for students that have procrastinated. Any student that has an unexcused absence will not have a day to make up the work and will be expected to turn the work in on time. Any student that has an excused absence will have an additional day to make it up.

In-Class Expectations:

CELL PHONES: Not allowed. If you need to use your phone/ipad/personal computers you must ask me BEFORE you use it unless I have asked you guys to pull out your phones/ipad for class. If you pull out your device without asking you will lose it for the rest of class. If it is an ongoing problem your phone/ipad will be taken to the office for the day.

SCHOOL UNIFORMS & MASKS: They should both be worn all throughout the class period and worn correctly.

The Final Word:

Art class is probably one of the easiest classes you will have but if you get behind it will be the most difficult one. Each project and lesson builds on the other so make sure you use your class time wisely. Weekly sketches are VERY hard to catch up on if you get behind so make sure you get those done every week.

I love teaching art and I'm excited to have every one of you in my class. If you have any questions or feel like you are struggling, PLEASE TALK TO ME! You can email me, see me after class or in class, text me, or call me. I get that life happens and things don't go perfectly so I will work with you if something comes up. Just make sure you are consistent and always ask questions!

Make sure you are always checking your Google Classroom!
